Sense 50 I 60

19/22 - 2000 Watt

Experience Better Living

Built-in / Wall Mounted

Bring atmosphere, warmth, and modern technology together with the Sense electric fireplace – a stylish fireplace with an built-in or wall-mounted option that fits perfectly into any interior. The realistic Optiflame® technology creates a vivid flame effect over a colourful glow bed, allowing you to choose from 13 flame colours and 7 ambient themes. Easily adjust the brightness and speed of the flames with three levels, and switch between the included tumbled glass and/or log set to match your desired look. The Sense is available in two sizes – 50 inch and 60 inch – so you'll always find a model that suits your space and style preferences.

Thanks to energy-efficient LED lighting, you can enjoy maximum ambience without maintenance or high energy costs. The powerful 2kW fan heater offers multiple settings (Hi/Lo/Fan/Off) for fast, efficient warmth on colder days, and includes an integrated thermostat function to maintain your ideal room temperature. With features such as a sleep timer and a 7-day programmable timer (via app), you can tailor the experience entirely to your needs. Control it your way: directly on the device, via the remote control, or with the convenient Glen Dimplex Connect app.

- Built-in 1-sided fireplace with wall mount option.
- 2kW fan heater with Hi/Lo/Fan/Off settings.
- Choose from 13 flame colours and 7 ambient themes.
- Timer adjustable up to 8 hours. 7-day programmable timer via app.

- One-sided decorative fireplace.
- Optiflame technology, calming flames above the a colourful glow bed.
- Flames rising over a highly realistic glowing fire bed.
- Enjoy the unique charm of a fireplace 365 days a year using the flames without the heat.
- Flames and lamps use energy-efficient LEDs that require no maintenance.
- Comes as standard with a Logset and tumbled glass.
